The Park Foot Team

History of Park Foot

Park Foot has a long-established history within the community of Pooley Bridge and Lake Ullswater, dating back five generations to the late 1800's. Originally a working farmstead, the Allen family also ran a Bed and Breakfast, collection guests from Penrith railway station by horse and trap. During the war the B & B opened its doors to Belgian and French evacuees.

After the war life gradually returned to normal and Park Foot Mini-Market opened in the 1950's, offering a wide variety of products to holiday makers. Fresh milk was delivered to each camper by the local milkman who navigated the fields in his van.

In 1964 Park Foot closed its farming business to focus solely on tourism. Over the ensuing years Park Foot has grown and evolved and now offers holiday makers a wide selection of accommodation ranging from Camping and Caravanning fields, Holiday Homes and high-quality Self-Catering cottages & houses which sleep between 4 and 10 people.

TJ's Bar and restaurant is open all year round (closed January). This is a large, recently renovated restaurant and bar together with a takeaway. The restaurant offers a wide variety of high-quality home-made food, as does the takeaway.

Outdoors, Park Foot has private access to Ullswater directly from one of our camping fields and there is a lovely lakeside foot path into Pooley Bridge. We offer a range of activities to ensure that our holiday makers' days are packed with fun and diversity. There is one **adventure playground** for under and over 8's and one Ninja park. There is also **pony trekking** up onto the fells and paddleboarding/ activities down at the lake. **Table tennis** facilities and a multi **games play area** are provided and the more adventurous can **hire mountain bikes** from Reception.

The Allen family remain 100% committed to Park Foot, with three generations currently being involved in the development, management and running of the business.
